**Social media & Responsibility for Children**

**I understand that photos of children at mainly music cannot be used on any social media site unless they contain only my child or children where I have permission from their parents.** Please ensure you do not load photos with groups of children or adults where no permission has been granted. **Filming or loading entire songs is prohibited.** Please limit film footage to your child/ren only and to a short portion of the song. Thank you.

I understand that during mainly music, parents/carers are expected to remain with and take responsibility for their child/children. I know that although the organising team will take all reasonable care, there are still risks to manage.
